PROOF Opens January 21!

For the past two years, RCP has presented a rollicking comedy in the Winter time slot – the perfect cure for CABIN FEVER – Noel Cowards' *Present Laughter* and Ken Ludwig's *Moon Over Buffalo*. **THIS year, however, we will present something different!** Why Mess with Success? you may ask . . . Both comedies are holding places in our TOP FIVE best-attended shows of ALL TIME!

Well, just wait until you see *PROOF*.

Fresh from Broadway, and The Arena Stage, RCP is proud to bring you a new drama, full of mystery, humor and old-fashioned story-telling.

The New York Critics said **PROOF** "crackles with subtle wit . . ."

" . . . one of the most acclaimed plays of the season . . ."

" . . . a work that explores the unknowability of love as much as it does the mysteries of science. . ."

" . . . an exhilarating and assured new play – as accessible and compelling as a detective story."

" . . . a play about scientists, whose science matters less than their humanity."

" . . . all four [characters] – whether loving, hating, encouraging or impeding one another – are intensely alive, complex, funny and human."

We are certain that you will enjoy this beautifully written play that deals with so many levels of family relationships.

The company includes:
