

The Reston Community Players Present

An
Experiment with
an
Air Pump

By Shelagh Stephenson . . . a daring and darkly humorous play about the past and future of science and society . . . the aims of science at the dawning of TWO new eras . . . passion versus love! 'Experiment' suggests that "while the machinery has evolved, human impulses have changed not one whit" !

Directed by Adam Konowe

Presented through special arrangement with Dramatists Play Service, Inc.
